OBJECTIVE

Final-year B.Tech Computer Science student and Co-Founder & CEO of HMGGenX, seeking a **Software Developer** role where I can apply hands-on full-stack, mobile and AI / computer-vision experience. Have built, deployed, and sold **multiple revenue-generating products (₹1,70,000+)** for real clients — including a multi-vendor e-commerce app published on the Google Play Store.

EXPERIENCE

Co-Founder, CEO & Lead Developer HMGGenX 2023 – Present

- Lead a team building **full-stack web, mobile & desktop apps and AI software & automation** for real clients, owning delivery end-to-end.
- Hands-on across the stack, mobile (Flutter) and computer vision (OpenCV, YOLO, CUDA); shipped paid projects generating **₹1,70,000+ revenue**, including an app published on the Google Play Store.

Front-end Development Intern InLighnX Global Pvt. Ltd. Jul – Sep 2025

- Built a **browser-based live translator** with real-time speech/text translation, voice input, TTS, and local history using **JavaScript (Web Speech API), GSAP & LocalStorage**.

Web Development Intern Konic Technologies Apr – Jul 2025

- Worked across **front-end and back-end web technologies**, contributing to real-time client projects.

PROJECTS

N Modern — Multi-Vendor E-Commerce Marketplace

★ Live on Google Play · ₹1,00,000

Flutter · Razorpay · REST API · Android & Web

- Designed and built a full **multi-vendor e-commerce marketplace end-to-end** and published it on the Google Play Store, shipping to **Android and web from a single Flutter codebase**; features multi-vendor catalogues, brand/category/price filters, wishlists, ratings & reviews, **Razorpay payments**, direct WhatsApp ordering, push notifications and an **N Coins referral-reward system**.

Nakshatra IIT-JEE Academy Website

★ Live · ₹10,000

Laravel · PHP 8 · MySQL · Tailwind CSS

- Full-stack institutional website **live in production at nakshatrajee.com** with **eight public sections** (Courses, Results, Faculty, Gallery, News & more), backed by a **custom-built admin panel** that lets the academy's non-technical staff publish results, faculty, gallery images and news without developer involvement.

Lipi — Bharat Script Transliteration App

★ SIH 2025

Flutter · Google ML Kit · Tesseract / OpenCV OCR · REST API

- Cross-platform mobile app for **transliteration & translation across Indian scripts and English**, with **camera-based OCR for signboards**, offline on-device ML models, real-time typing, and auto script-detection (~78% transliteration accuracy). Built as a solution for **Smart India Hackathon 2025 (Problem Statement #25155)**.

OMR Scanner & Mark Report System

★ Deployed · ₹40,000

Python · OpenCV · MySQL · Desktop & Mobile App

- Real-time scanner for **JEE & EAMCET OMR sheets** at **98.6% accuracy** and **2–3 papers/second**, auto-generating detailed mark reports; **deployed and sold to 2 institutions** (₹20,000 each) with a **Certificate of Appreciation from Nakshatra IIT-JEE Academy**.

Plot Map Detection System

★ Client · ₹20,000

Python · YOLO · OpenCV · CUDA (GPU) · PyQt6

- For **Sri Bramharamba Real Estate, Guntur**: a **GPU-accelerated YOLO** system that detects plots from a map image at **99.2% accuracy (~5,000 plots in 3s on a single GPU)**, outputting **precise coordinates and plot numbers**; shipped as a **PyQt6 desktop app**.
